Dear Mr. Collins:

The drawing submitted relative to the permit area change for the Wellington Preparation Plant is acceptable (Drawing E9-3333). However, prior to approval, the new legal description for the permit area and revised acreage figures for this facility (total permit area and disturbed area) as well as these respective changes in the text of the mining and reclamation plan must be submitted and approved.

Please submit this additional information by October 11, 1999. If you have any questions, please call me or Paul Baker.

Sincerely,
